

**BUEHLER**  
CUSTOM WOODWORKING

## **Warranty**

Buehler Custom Woodworking offers the original purchaser a Limited Warranty on our cabinetry installed in the home only, not in a commercial application, against any defects in material and workmanship for a period of 1 year from the date of installation.

In addition, we offer a Limited Warranty back by the manufacturer of the drawer slides, hinges and any of the accessory items used in our cabinetry. We will replace or repair, at our discretion, the defective parts with identical or similar parts of equal value. This warranty does not cover expenses incurred while installing, removing and/or repairing defective products.

Due to the inherent nature of the wood, expanding and contracting due to environmental conditions will naturally occur and cause movement in seams and joints. For example, wood joints may eventually have visible cracking around the joint area and cabinet colours may darken or lighten over time. Sunlight, smoke, moisture, household cleaners and other environmental conditions may cause materials to vary from their original colour and/or to warp, split or crack. The variations are considered to be the nature of the material in relation to its environmental exposure and are not covered under this warranty. Natural wood characteristics such as mineral streaks, burls, grain patterns, etc., are also not considered defects. This warranty does not apply to natural features and conditions that are considered common characteristics of the wood, finishing and/or manufacturing process.

This warranty applies only to cabinetry subject to normal home use and service. We will not assume responsibility for normal wear, damage defects or failure caused by abuse, accidents, water damage, exposure to extreme temperature and humidity, negligence, customer modification or any type of misuse and/or conditions beyond the control of Buehler Custom Woodworking. This warranty does not apply to changes in finish appearance resulting from aging, exposure to sunlight, heat or other environmental conditions.
